

QUALITY POLICY

The objectives of Print Image Network Limited are to provide excellent service and products that meet customer specific requirements.

To accomplish this goal we:-

- consistently use a working methodology where both customer and end user demands, together with expectations are analysed;
- where applicable, ensure our services and products conform to relevant national and international standards and legislation;
- ensure that all internal and external arrangements and practices are suitable for the purpose
- train all employees in company policies and procedures;
- ensure that all staff are provided with adequate resources to implement the quality policy effectively;
- ensure that all employees are aware of their responsibilities to comply with, contribute to and maintain this quality management system;
- regularly monitor and review our quality procedures and systems, to promote continual improvement so as to enhance the service provided to the customer.

The Directors will ensure the practices for quality control are maintained
